National Health Insurance (NHI) Program

To cover medical and injury situations, at registration, every new international student must present his/her insurance statement, purchased on his/her own (at his/her own expense), covering a valid period of no less than six months effective from the date entering Taiwan, while every returning international student must present a certificate of National Health Insurance (NHI). The aforementioned health insurance, purchased in countries other than Taiwan, must be authenticated by a Taiwan overseas' representative office.

Those who are unable to present an authenticated insurance statement at registration, must purchase local health insurance as regulated by the Ministry of Education of this country to cover the first six months of his/her stay in Taiwan.
The premium for the above-mentioned local health insurance is NT\$ 500.00 per month (NT\$ 3,000/6 months).

Six months after obtaining the Alien Resident Certificate (ARC) issued by the National Immigration Agency (NIA), international students are legally obligated to enroll in the NHI program.

Rights and Responsibilities for International Students (Foreigners) Joining the National Health Insurance (NHI) Program of the R.O.C.

A. NHI Enrollment & Withdrawal :

Since July 17, 1999, foreigners with an Alien Resident Certificate (ARC) who have resided in Taiwan for more than 6 months are required to enroll in the National Health Insurance (NHI) program instantly. Foreigners, who have lost their residence status because they no longer hold a valid ARC or because they are not returning to Taiwan, will also lose their right to participate in the NHI program. They must withdraw their subscription to the NHI program through their group insurance applicant (their employer or local administration office), return their NHI card to their applicant and pay any premiums due in full before leaving Taiwan. While traveling overseas for a short period of time, either on business or vacation, and then returning to Taiwan with a valid ARC, foreigners must remain enrolled in the NHI program.

B. Insurance Premium Payment :

Newly admitted students, and transfer students with an ARC, who have resided in Taiwan for more than 6 months must enroll in the NHI program. During the six months, students can leave Taiwan once for less than 30 days. The number of days that students are not in Taiwan won't count in the continuous residence. Students will have to pay the insurance premium at the time of registration each semester. The current insurance premium is NT\$826 per month / NT\$4,956 per semester. (Insurance Premium Payment is subject to change)

C. NHI Medical Services :

In cases of illness, injury, and childbirth, the beneficiaries can receive medical services; including medication, outpatient and inpatient services from NHI contracted healthcare providers. The beneficiaries must pay co-payments for receiving medical services and follow medical regulations.

D. Medical Expenses Reimbursement :

In cases where beneficiaries receive medical services overseas, such as unexpected medical needs or childbirth, they are entitled to claim reimbursement. They should make their claim within six months after the unexpected occurrence with receipts, including detailed service items and documents of diagnosis.

E. Penalty for Violations :

The National Health Insurance Program is mandatory; any person who is qualified for this Program must enroll in the National Health Insurance Program. Any person who doesn't enroll is subject to a fine of NT\$3,000 to NT\$15,000. In addition, this person is required to pay the full premiums starting from the date he or she should have been enrolled. No benefits will be offered before the premiums are paid in full. A notice of penalty violation will be delivered in writing and the fine must be paid on time. If the fines imposed remain unpaid, after a given period of time the case will be referred to the courts for compulsory enforcement.

Introduction to Taiwan

A. General Information

- *Area: 36,000 square kilometers
- *Population: 23 million
- *Capital: Taipei City
- *People: Chinese
- *Language: Mandarin/Taiwanese/Hakka
- *Religion: Buddhism/Taoism/Christianity/Islam/Catholicism

Taiwan's total land area is only about 36,000 square kilometers; it is shaped like a tobacco leaf that is narrow at both ends. It lies off the southeastern coast of mainland Asia, across the Taiwan Strait from Mainland China-- a solitary island on the western edge of the Pacific Ocean. To the north lies Japan and Okinawa, to the south is the Philippines. Many airlines fly to Taiwan, helping make it the perfect travel destination.

Taiwan lies on the western edge of the Pacific "rim of fire," and continuous tectonic movements have created majestic peaks, rolling hills and plains, basins, coastlines, and other wonders. Taiwan sees climates of many types: tropical, sub-tropical, and temperate, providing clear differentiation between the different seasons. There are about 18,400 species of wildlife on the island, with more than 20% belonging to rare or endangered species; among these are the land-locked salmon, Taiwan mountain goat, Formosan rock monkey, Formosan black bear, blue magpie, Mikado pheasant, Hsuehshan grass lizard, and many more.

The government has established 6 national parks and 12 national scenic areas to preserve Taiwan's best natural ecological environment and cultural sites. Take in the splendor and sheer heights of the cliffs at Taroko Gorge; take a ride on the Alishan train--one of only three mountain railways in the world--and experience the breathtaking sunset and sea of clouds; hike up to the summit of Northeast Asia's highest peak, Jade Mountain. You can also soak up the sun in Kending, Asia's version of Hawaii; stand at the edge of Sun Moon Lake; traipse through the East Rift Valley; or visit the offshore islands of Kinmen and Penghu. It's fun in capital letters as well as an awesome journey of natural discovery!

The cultural aspects are also not to be missed. The blending of Hakka, Taiwanese, and mainland Chinese cultures has produced a rich plethora of cultural and social color. Whether it is religion, architecture, language, living habits, or food, it's just one big exciting melting pot! Food is the best representative of this cultural mixing and matching. Aside from cuisines from different parts of the mainland such as Zhejiang, Hunan, Guangdong, Yunnan, Shanghai, Beijing, Sichuan, and others, there is also the local Taiwanese cuisine, as well as the local delicacies of each area.

B. Travel Information

- *Time: GMT/UTC plus eight hours
- *Electricity: 110V, 60 Hz
- *Currency: The Republic of China's unit of currency is the New Taiwan Dollar (NT\$), which has five denominations in paper money and five in coins. Paper money comes in NT\$2000, NT\$1000, NT\$500, NT\$200, and NT\$100 denominations. Coins come in NT\$50, NT\$20, NT\$10, NT\$5 and NT\$1 denominations.
- *Bus: In Taipei city, the standard fare is NT\$15, and in Taoyuan City, the standard fare is NT\$20, more if you need to cover several zones.
- *MRT (Mass Rapid Transit): Fares range from NT\$20 to NT\$60. Students can get discount when taking public transportation using EasyCard which is bought with student ID cards in Taipei City.
- *Taxi: The basic fare is NT\$80, NT\$5 for additional 500 meters.

C. Temperature

Don't worry too much about getting burnt by the dazzling sun; the island of Taiwan is located in the subtropical climate zone, and the sun is not as stinging hot as it seems from its brightness.

Furthermore, the island is surrounded by oceans; and the ocean breezes, which are the reason for Taiwan's humid weather, will surely make you completely forget the dry cold back home. If you are from a low-latitude country, you will certainly revel in the nice warmth of Taiwan's sun.

Because of the coolness that hangs in the air, it is a welcoming change from the simmering heat of your native country. You can do some hiking in the mountains, surrounding yourself with the beautiful trees of the forest while inhaling some of that pure and fresh air that blows on the island of Taiwan.

Taiwan enjoys warm weather all year round. The strongest fluctuations in weather conditions are during spring and winter, while during summer and autumn the weather is relatively stable. Taiwan is extremely suitable for traveling, as the annual average temperature is a comfortable 22 degrees Celsius with lowest temperatures ranging from 12 to 17 degrees Celsius (54-63 Fahrenheit). Therefore, with the exception of a few mountain areas where some traces of snow can be found during winter, no snow can be seen throughout Taiwan. When summer is about to dismiss spring (March to May), continuously drizzling rain will sometimes fall on Taiwan. When visiting Taiwan during this period, remember to carry an umbrella at all times; because although it might seem romantic to have a stroll in the rain, it is no fun to travel when you're soaking wet. During the summer (June to August) typhoons sometimes reach the island.

During this period we suggest you keep an eye on weather reports, because during typhoon weather the roaring waves at the coast are not to be regarded as one of Taiwan's tourist scenes. During autumn (September to October) you can wholeheartedly enjoy the cool and soothing weather, while Taiwan's relatively warm and short winter (November to February) is the time for you to admire the beautifully colored maple trees in mountain areas. The cold fronts that reach Taiwan sporadically are greatly favored by the island's hot spring lovers.

International Student Buddy Program

Buddy Program was established in 2009, aiming to encourage interaction and understanding between the international and local students of MCU.

Buddy Program is made up of local volunteer students who are currently studying at MCU, to help newly-arriving international students adjust into the campus environment and culture in Taiwan. So far, we have served hundreds of international students with care, friendship and companionship.

Before the new semester starts, we will pair each international student with a Buddy. The Buddy will get in touch with you directly by email or FB, and make your stay in Taiwan enjoyable. You are welcome to sign up for Buddy Program!
