## Q&A

### Q2. Nearby Supermarkets and Purchasing Daily Necessities

A2

- There are large supermarket(Lotte Mart) and convenience stores near the dormitory where you can easily purchase daily necessities.
- Supermarkets sell a variety of goods such as groceries, household items, electronics, clothing, etc., so if you lack any items, you can buy them locally.
- Convenience stores (e.g., GS25, CU, 7-Eleven) are often open 24 hours, making it easy to purchase snacks, drinks, and essential items at any time.

### Q3. Payment Methods

A3

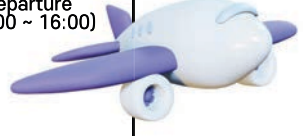

- Cash (Korean Won, KRW): Some small shops or traditional markets may prefer cash payments, so it's advisable to prepare a small amount of cash.
- Debit & Credit Cards: International cards with overseas payment functions like Visa, MasterCard, and UnionPay are generally accepted.
- Mobile Payments: In Korea, payment systems such as KakaoPay, Samsung Pay, and Naver Pay are common, but Alipay and WeChat Pay may not be accepted everywhere. Therefore, it's safer to prepare both a card and cash rather than relying solely on mobile payments.

### Q4. Procedure for Visiting a Hospital in Korea if You Get Sick

A4

- Mild Symptoms (such as a slight cold or headache):
  1. You can buy medicine at a nearby pharmacy (available without a prescription).
  2. If symptoms worsen, visit an internal medicine clinic.
- Severe Symptoms (such as high fever or severe pain):
  1. Get medical treatment at the local public health center or hospital.
  2. Be aware that if you don't have national health insurance, medical costs can be high, so check your insurance status.
- Emergency Situations (such as accidents or major injuries):
  1. Call 119 to request an ambulance.
  2. Go to the emergency room for quick treatment.
